Exhibitor Door Prizes & Give Away Form

Door prizes and giveaways are encouraged.

Here's how it works: you offer a door prize, which visitors will see at your display and may enter to win. Provide a drawing Form (lead card) and a container to collect the drawing slips. You may have your winner announced at 2 pm on Sunday, March 12, 2017 at the Expo. You can follow up with the winner of the prize after the show. It's relatively inexpensive and a great way to obtain leads.

If you have any door prizes or giveaways that you would like to offer during the show, we will help promote your company name and door prizes on our website, on social media etc. There is no additional charge for this option.

Door Prizes & Giveaways - To ensure that exhibitors will get the best exposure possible, each visitor will receive a "program" that will guide the visitors around the show. Exhibitors will have direct advertising opportunities for their unique drawings and giveaways. They will be able to present the drawings and giveaways to the visitors walking the show at their exhibitor booths.

Please Use this form to let us know that you will be offering one or more door prizes during the show.
